PEACE OLAPADE

WEB DEVELOPER

(+234) 903 071 2420 | peaceolapade2020@gmail.com | [LinkedIn](#) | [GitHub](#)

Creative and detail-oriented Web Developer with 2 years of experience building responsive, user-friendly websites and web applications. Proficient in HTML5, CSS3, JavaScript, React (frontend) and PHP, Django (backend), with a good understanding of RESTful APIs and database integration. Skilled in UI/UX principles, mobile-first development, and performance optimization. Passionate about creating visually appealing, scalable digital solutions that improve user experience and support business growth.

Education

B.Sc. Computer Science (First Class Honors)   JUNE, 2025

Wesley University, Nigeria.

Internship Experience

Web Development Intern | Sabi Programmers   Feb 2024 – June 2024
- Developed and styled responsive web pages using HTML, CSS, and JavaScript, improving mobile performance.
- Implemented mobile first designs and ensured cross-browser compatibility for client projects
- Collaborated with a team of 5 developers using Git/GitHub to manage code versions efficiently.
- Debugged UI components and optimized CSS, reducing redundancy and improving site maintainability.

Projects

Portfolio Website
- Built a personal portfolio using HTML, CSS, and JavaScript to showcase projects and skills.
- Optimized mobile responsiveness achieving 100% mobile-friendly score.

Voting Application
- Developed a responsive web voting platform where users can cast votes and share opinions in real time.
- Implemented dynamic UI with HTML, CSS, JavaScript and React, and stored vote counts using local storage for state management.
- Designed an intuitive interface to increase user engagement and ensure an easy voting process.

Online Learning Platform
- Built a full-stack e-learning platform using Django backend and custom frontend templates, featuring video lessons, quizzes and dashboards for students and instructors.
